

Service agreement tax fee protection

Tax audits never come at the right time. They require a lot of preparation and assistance from advisors, and they can result in high fines. Vandelanotte therefore now offers you a service contract that protects you against the advisory fees associated with these audits.

What?

The service agreement includes the fees and costs of your accountant or tax consultant for tax audits, up to a maximum of €25,000 per year.

Why?

The chance that you'll ever get a tax audit as a self-employed person or entrepreneur is quite high. The cost of this audit can be enormous. Not only do you run the risk of a high fine, but you also incur additional costs by calling in professional assistance.

Who for?

This derogation applies to any company or self-employed person who has signed a service contract. As the manager of the company concerned, you are also protected against tax audits on your personal tax return.
